

Our Experience is Your Advantage

Kessler understands the exposures unique to the Security Industry. For over 25 years we have provided insurance programs protecting both armed and unarmed firms.

Kessler is a service-oriented organization with effective risk management solutions for your business. Using “A” rated carriers our program includes:

- Automobile Liability
- Crime
- Directors and Officers Liability
- Employment Practices Liability
- Fiduciary Liability
- General Liability
- Professional Liability
- Property
- Workers Compensation/Employers Liability

Kessler’s Team can deliver customized loss control and safety services for your industry that include:

- Claims Advocacy
- Claims Trend Analysis
- Exposure Identification
- Finance Alternatives
- Injury Management Cost Control
- Proactive Workers Compensation Injury Prevention
- Specialized Loss Control Services

Kessler, in concert with our carrier partners, has developed enhancements to various policies that provide specific terms and conditions for your business needs such as:

- Assault and Battery – While many carriers only provide “physical force” coverage for the guard, our carriers provide for acts committed by the insured’s employees. There is no limitation of coverage because a guard was not protecting persons or property at the time of the alleged assault and battery.
- Care, Custody Control – Our carriers impose no sub-limit for property damaged or lost while in your employee’s care, custody and control including theft by others.
- Errors & Omissions – Unlike many other policy forms our carriers respond even if there is no bodily injury or property damage.
- General Liability Aggregate Limits – Our carriers provide a per project unimpaired aggregate limit.

Kessler. The clear choice to meet your insurance needs.
